

Dear CEO/ Pres./ Owner,

Here is a new income stream recovering gold and silver and metals from waste tailings electronically. We represent 3 largest Swiss gold, Cu Cathode & Aluminium ingot buyers. Plus, our company **Redstar** is 11th utility co of Philippines.

New approach to recovering precious metals and energy through **Resonant Magneto- Electric Implosion tech** to capture gold and other metals from tailings, rivers, lakes, etc..and separate them out in pure form for resale.

**Redstar sponsors in a revenue sharing agreement for magneto-electric resonance tech used in extracting \$\$ millions in precious metals from your mine tailings and polluted water bodies or rivers:**

Filtering the Water- Proprietary  
**EGG Puri-Stat**

Filtering-  
Clarification-  
Addendum Additions-  
Mixing -  
aeration -

3.5 MM gallons/day

98% energy eff-

works by gravity-

Clear liquid  
Separation Elements  
Effluent Collecting Trough  
Vertical Collector Duct  
Single Element Flow Pattern  
Downward Co-current Flow Pattern  
Internal Flow Pattern

**Puri- Stat Gravity Filtration**, and over a dozen tailings systems to clean- up and cash in dissolved metals.

---

**Resonance EMF Tailings Precious Metal Recovery:**

♠ **Recapture \$\$ millions** in gold, platinum & silver separated, plus heavy metals in new clean environment paradigm shift

♠ Collects & Separates even invisible **2 µm metals**

♠ **17 years experience** cleaning fracking water:

[www.originclear.com](http://www.originclear.com)

♠ **\$\$ Millions** in precious metals recovered in tailings by self-financed system

♠ **Recovers 4 ounces of gold per day** and other **2 µm metals** such as **platinum, palladium, silver**, all separated and ready sell automatically with high tech electronic retrieval system

♠ **Revenue sharing agreement available to start now with full 100% subsidy!**

[www.redstaregg.com](http://www.redstaregg.com)

**Pending JV's:**

◇ **DOE, National Power Corp (Napocor), DENR and Laguna Lake Development Assoc.**

♠ 3 oz per day min gold precious metal recovery pays for clean-up of lake forever + clean-up the largest lake in Asia.

---

◇ Redstar features top tailing experts & equipment

◇ **\$181 MM** recovered gold, silver and platinum on Chile copper mine tailings.

◇ Proprietary **3.5 MMgal/d Puri-Stat filtering to 2 µm**

◇ **Resonant Implosion** tech has recovered and separated hundreds of \$ millions in recaptured precious metals, Gold, silver & platinum, etc..

◇ **Double Recovery** molten slag **40 MW heat to run GE LM 2500 38 MW turbine** + magnetic stirrer thru-out precious metals.

◇ Top chemistry, & nuclear eng. & energy professors and ***Implosion biophysicists Dan Winter!***

[www.fractalfield.com](http://www.fractalfield.com)

◇ Cofounder ***OriginClear*** [www.originclear.com](http://www.originclear.com)

Cleans fracking water for petroleum and natural gas industries.

◇ **Microwave** water tech & other reconditioning tech.

◇ **Algae removal** & pyrolysis to syngas

◇ **Coal fines recovery** for synfuel synthesis

◇ **Red Mud** recycling
